# **Why make the meaningful switch to Ahava, your sustainable packaging partner:**

1. A "zero - waste", natural solution to single use plastics without harming our environment.
2. Made from compostable sugarcane bagasse.
3. Optimal performance for micro-wave and freezer- safe prepared foods.
4. Durable, Leak - proof, Cost -Effective and certified compostable.
5. Quality guaranteed and a trusted partnership for a cleaner, Healthier - Planet.
6. USA Manufacturing facility dedicated to a truly renewable and natural resource.
7. When you consume from single use plastic you are allowing millions of Nano-plastic particles to enter your body which have been proved to cause chronic illness.
